2019 FEMA NOTIFICATION

HAVE A QUESTION ABOUT FLOOD MAPS?

The Borough of Belmar and representatives from the Floodplain Management Office, provide information regarding flood map inquiries, including but not limited to information on: flood depths, BFE, LIMWA, FIRM, SFHA, V zone, historic flooding, mean high water, sea level rise, projected sea level rise, category 1 hurricane storm surge, projected special flood hazard area in 2050 and marsh migration. For additional information, please contact April Claudio at aclaudio@belmar.com (732) 681-3700 x225.

PROTECTING YOUR HOME FROM FLOOD DAMAGES

Resources are available to assist you in safeguarding your property.

We are only a few years past Superstorm Sandy and have experienced multiple nor'easters and high rain events that illustrate the need to protect your home from damage caused by flooding.

FEMA has publications on techniques for retrofitting existing structures:
Above the Flood-Elevating Your Flood Prone House - FEMA-347 Protecting Building Utilities From Flood Damage - FEMA-P-348
http://www.fema.gov/media-library-data/20130726-1514-20490-7165/p_348.pdf

These publications are available for download from FEMA's website at www.fema.gov and printed copies are also available at the Belmar Municipal Building.

The Building Department staff is also available to meet with property owners and visit their site to assist them with identifying and implementing flood damage reduction projects, you can obtain more information about this service by calling 732-681-3700 x 225.
