WORKSHOP DISCUSSION

Mayor Walsifer stated a resolution will be added to the agenda to bring back the \$30 season badge for disabled persons.

Mayor Walsifer stated there have been a lot of emails about summer camp and recreation programs. The Borough is watching the Governor's orders and hoping restrictions will be lifted before we put things in place. We want to have programs for our kids, but they must follow the guidelines and be done safely.

Councilwoman Wann asked about Resolution 2021-63. Mayor Walsifer stated Mike Campbell and Bill Lindsay are already on the Planning Board. The resolution is only changing what "Class" they are to be in compliance with the statute.

PUBLIC SESSION

Ms. Claudio read an email from Anita Pecorelli, 104 First Avenue, which is attached to the minutes. Chief Scott encouraged everyone to lock their vehicles. She will report any significant police activity on social media and through community policing emails. Mayor Walsifer stated we are looking into new playground equipment to replace the pirate ships. He reiterated his earlier statement about the summer camp.

Jerry Buccafusco, 409 5th Avenue, asked questions about the EMS RFP. He would like the submissions put on the website once opened. He asked about the plan to paint the water tank. Mr. Dasti stated it is still being looked into. Mr. Buccafusco suggested using the money collected for the multi family water surcharge to pay for it.

Linda Sharkus, 4th Avenue, asked about tickets being issued for cars not moved on the street in a snowstorm and people not shoveling their sidewalks. Mayor Walsifer stated 85 tickets were issued after the last storm.

Cheri Russo, 1218 Briarwood, asked when tickets are issued to cars. Chief Scott stated they wait a whole extra day after the last snowfall before they issued tickets. Ms. Russo was concerned about a business on 16th Avenue plowing their snow onto the Borough sidewalk near Dempsey Park. Chief Scott will look into it. Ms. Russo expressed concern about Mike Campbell being a member of the Planning Board.

Antoinette Raucci, 309 3rd Avenue, stated other towns are having summer camps, why not Belmar? Mayor Walsifer stated the camp would be limited in size if had to follow current guidelines. He is hoping the Governor will lift some restrictions in the next two months. He explained there are different regulations for schools and camps. We are also looking into other summer programs. Ms. Raucci asked if beach badges will be limited. Mayor Walsifer stated badges will be limited if social distancing cannot be followed. Ms. Raucci asked what the Mayor's Ball money is being used for. Councilman McCracken suggested talking to the school about what programs they could run for children. Councilwoman Wann stated we are working on a summer basketball

league and the tennis courts will be redone. Ms. Raucci suggested a meeting with the parents to come up with other programs and to discuss the summer camp.

Maria Rondinaro, 1246 Pinetree, stated she is willing to help out with recreation programs.

Paul Olnick, 1402 16th Avenue, asked what aspects of the Governor Order the Borough would like to be rescinded. Mayor Walsifer stated the number of children and the requirement to have a medical director. He added he has been reviewing the rules and has had discussions on possibly having a small camp at Maclearie Park.

Ms. Russo asked if the snow removal rules could be made clearer in the Code Red messages.

Mayor Walsifer stated we want to be able to offer a camp safely to protect the employees and the children.

Virginia Conklin, 1219 Oakwood Road, stated the kids need activities. She suggested bringing back the movies on the beach.

Kelly Lang, 301 19th Avenue, commended everyone for trying to do things legally and safely. She agreed programs are needed but appreciates everyone's concerns about safety.

Seema Bohl, 112 Inlet Terrace, asked about events at Taylor Pavilion and the bids for it. Mayor Walsifer stated they are two different things. The bid is for the Cruz Bay concession not the event space.

Mr. Buccafusco stated a camp could be run safely with the guidelines, but the frustration seems to be a lack of effort by the administration. He suggested public meetings to discuss this.

Mr. Kirschenbaum stated there is a lot the Borough deals with on a daily and weekly basis. It is too much to discuss at a meeting and have all the pros and cons debated on every item. Last year Manasquan had issues with their programs and had to close down, as well as some other towns. What is worse than not having a camp is someone getting sick or dying from it because safety guidelines were not followed. If someone were to get COVID, the whole camp would have to quarantine for 14 days and the camp is only 7 weeks long. The camp is also not entirely outside because Taylor Pavilion is used so social distancing inside needs to be followed.

Mr. Buccafusco suggested monthly department reports be given at Council meetings.

Carol Moore, 1206 Oakwood Road, agreed with Mr. Kirschenbaum. She suggested if the Mayor and Council know about a hot topic in town that they report on it during their reports at the meeting.

Councilman Brennan made a motion to close the public session and adjourn the meeting, which was seconded by Councilman Carvelli and approved unanimously.

Respectively submitted,

April Claudio
Municipal Clerk
