Dear Belmar Residents, Friends and Family,

Your support, kindness, generosity and love during this difficult time has deeply touched us all at La Dolce Vita. In the restaurant business, we have what is called a “family meal” which is meant to feed the restaurant staff, before or after a shift. It is with love that we would like to offer a delicious hot meal, FREE of charge, to anyone who is in need and Who lives in Our Belmar community. Together we will get through this. Please remember let’s all check on one another. Especially the elderly. If anyone has a loved one in Belmar who is elderly, disabled and in need, please let us know and our staff will do there best to deliver it to their front door.
